

# University of Tennessee School of Information Sciences Hooding, 2011

We had a great turnout, and UA was in our thoughts.

**I believe we collected around 25 pairs of work gloves...**

**...and many, many attendees, students, faculty & staff signed the banner.**

**Mike Wirth, Dean of the College of Communication & Information**

**As you can see, UTK SIS Director Dr. Edwin Cortez wore his Crimson robe for the occasion.**

**(Just kidding... it's for the University of Southern California.)**

**Ed did, however, begin the ceremony by recognizing UA SLIS graduates and the friendship between UA and UTK. He also reminded attendees of the hardships facing Tuscaloosa.**

(If you look closely, though, you can see my Crimson hood.)

**Roll Tide**  
**(and Go Vols)!**
